

Environmental Policy

- ◆ Environmental awareness shall permeate the entire Induconts business.
- ◆ We will comply with applicable environmental laws and regulations as well as other environmental requirements that concern the company in each country where it operates.
- ◆ We will communicate our environmental policy to employees, customers and suppliers. In this way we will improve ourselves through environmental awareness in our choice of partners, both at the selling and purchasing end.
- ◆ Our work takes all responsibility and promotes the reduction of environmental impacts in particular areas of energy, waste and transport. Commuting as well as travelling should be done as much as possible in the most environmentally friendly way available.
- ◆ Environmental work must be continually improved and evaluated regularly.
